

```
include/car_pathplan  
/class_trajectory_inputs.h
```

```
graph TD; A["include/car_pathplan  
/class_trajectory_inputs.h"] --> B[iostream]; A --> C[vector];
```

A diagram showing a header file at the top with two arrows pointing down to two separate boxes. The header file is 'include/car_pathplan /class_trajectory_inputs.h'. The two boxes are 'iostream' and 'vector'.

iostream
